

TREASURE HUNT IN THE TWI-LIGHT

A FUN FINDING GAME
USING PAPER AND TORCHES

YOU WILL NEED:

- A selection of felt tips, markers, pens, or dark pencils
- A small torch or light
- A pair of scissors
- Some sticky tape or glue (not essential)

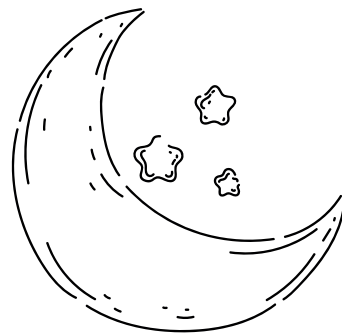

INSTRUCTIONS

1. In the empty rectangle B (on the next page), draw a selection of objects. These things can be anything: treasure, animals, even people or monsters! You will need to use a dark colour to draw these.

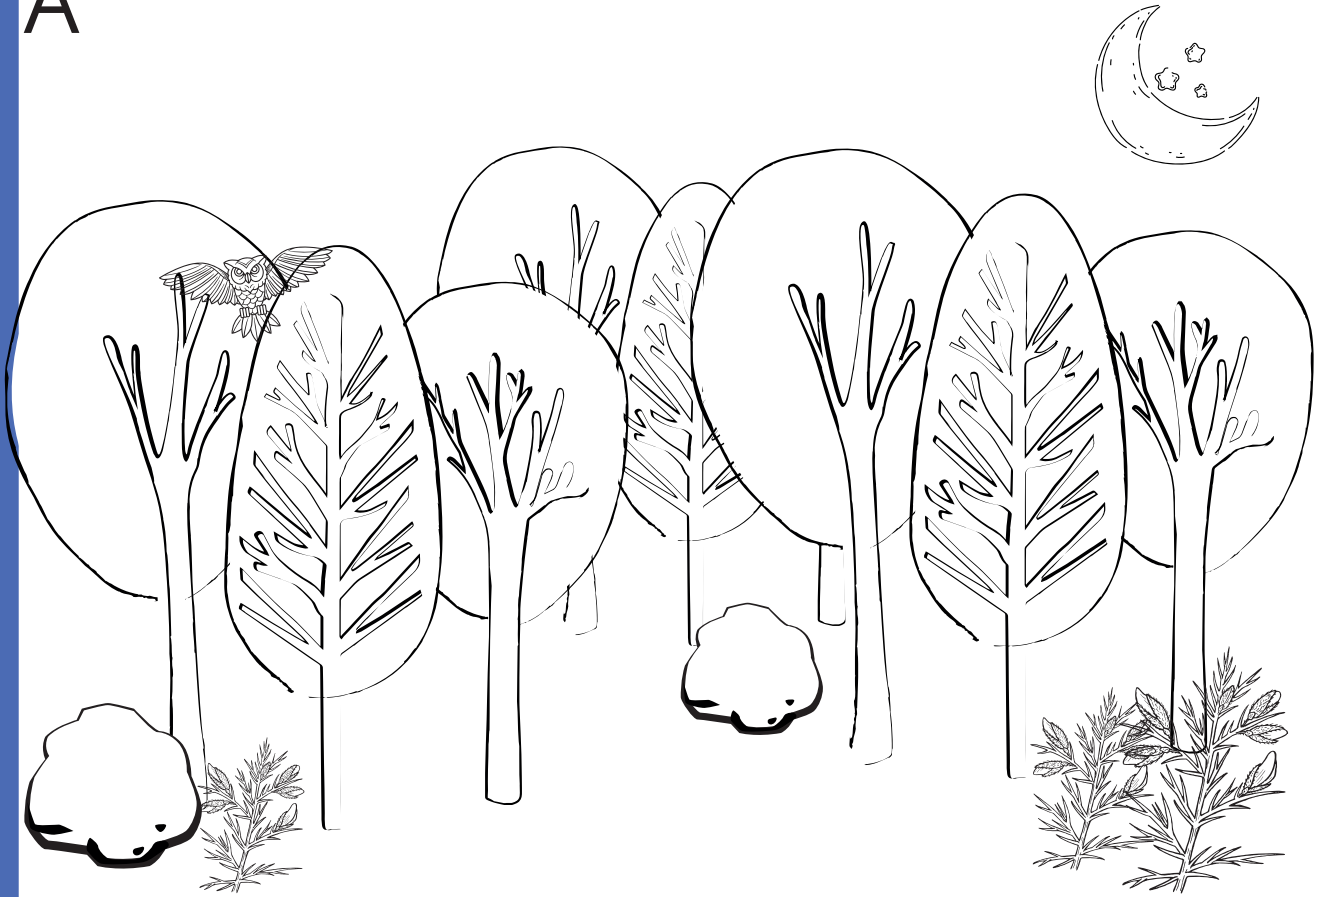

2. Cut out the two rectangles.

3. Put rectangle B behind A, making sure the edges match. You can use some glue or a bit of tape to keep both pieces of paper in place. If you don't have this, a little fold on the corners will do the trick.

4. Dim the lights or turn them off completely. Shine a torch or light behind the paper, a little bit away from it. Can you see all of the things you've drawn hiding in the landscape? Now challenge a friend or someone you live with to find them too.
